To Whom It May Concern:

We recently hired M&J Signs to fabricate and install a 20 foot long, backlit sign for our 2nd Avenue, Kearney location. While working with Mike and the M&J team, I found them to be prompt, responsive, and knowledgeable about all aspects of the sign business. What impressed me most was Mike's commitment to quality and getting the job done right. M&J always accommodated the numerous, subtle changes we made to our sign throughout the design and build process.

Our sign has been finished and installed for several months now and I feel like it has given us a look of professionalism and a real presence on 2nd Avenue. We have had numerous comments from customers and vendors alike about how great the sign looks.

I would highly recommend Mike and the M&J team to anyone who is in the market for signage for their business.

Sincerely,
